

FinOps Framework

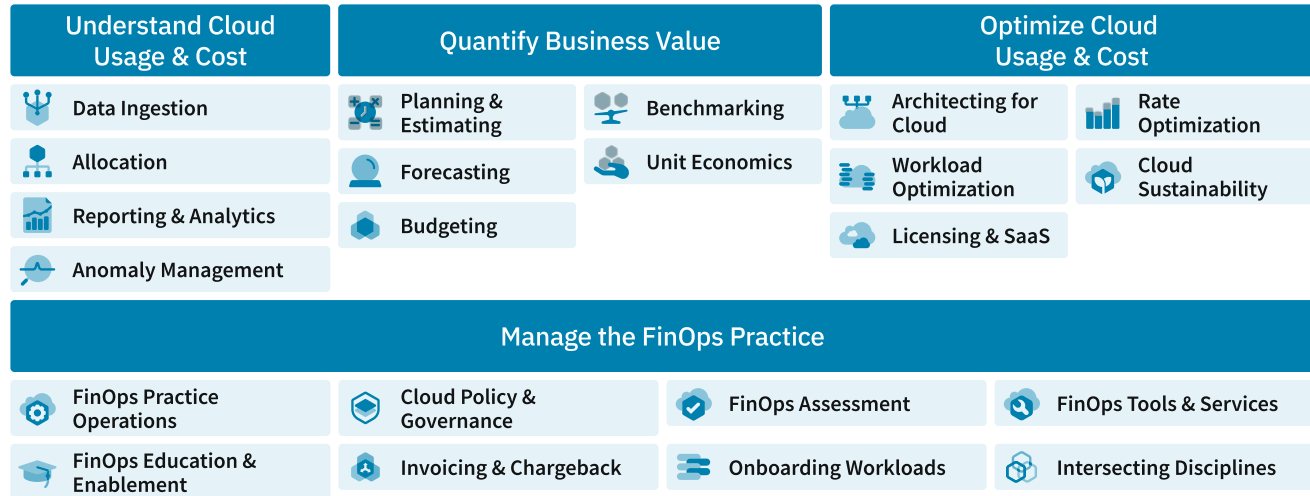

FinOps is an operational framework and cultural practice which **maximizes the business value** of cloud, enables timely data-driven decision making, and creates financial accountability through collaboration between engineering, finance, and business teams.

Principles

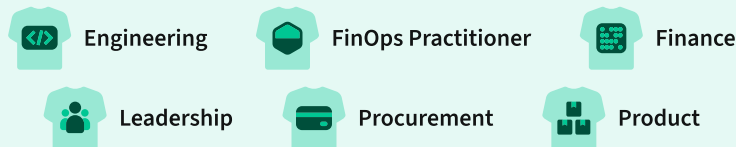

-  Teams need to collaborate
-  Decisions are driven by business value of cloud
-  Everyone takes ownership for their cloud usage
-  FinOps data should be accessible and timely
-  A centralized team drives FinOps
-  Take advantage of the variable cost model of the cloud
